

THIS WEEK IN FOREST SCHOOL...

Year 3

Volcanoes -
legends and
natural folk stories

Today we read a traditional story from Ethiopia called 'The fire on the Mountain.' It was about respecting others by sticking to your word. In the story the main character stayed warm just by looking at the flames of a fire in the distance. The children had a go at fire lighting using the fire steels. They did a great job and showed lots of perseverance and so we tested the theory of being able to keep warm just by looking at the flames! Other children created the feast from the story while others made bird feeders to help the local birds.
