

Year 1 -

PSHE

*Looking after
the world
and each
other*

THIS WEEK IN FOREST SCHOOL...

We began by sharing the story of Dinosaurs and all that Rubbish by Michael Foreman. We discussed the impact on the world the greedy man in the story had and what the dinosaurs did to put it right. We then thought about what animals and humans need to be cared for - some children went on to show this by making shelters while others demonstrated their learning by making food.

NOLA focus: I used the environment safely

Curriculum focus:
PSHE - How people and animals need to be cared for.
