

Year 1 -
Living
Things

THIS WEEK IN FOREST SCHOOL...

Today we started the session by reading *The Very Busy Spider* by Eric Carle. The children were inspired to make their own webs like the illustrations in the book by using PVA glue and natural materials. Other children went on a hunt for sticky treasures, they took care and mindfully collected beautiful natural treasures to create a collage. Someone even found a picture that Year 2 had camouflaged earlier in the week. A group of children spent a considerable amount of time creating a castle with a moat. They communicated well, problem solved and persevered when the design didn't quite go to plan.
