

THIS WEEK IN FOREST SCHOOL...

Year 1 -
Science -
Animals

Today we read *Dinosaurs and all the Rubbish* as it linked with our PSHE learning. In Forest School the children made more bird feeders as they noticed that the ones that they made last week were all gone. Some children made the rocket like the man in the story used. The children showed imagination, perseverance and teamwork. Some children decided to make a hedgehog house using leaves to look after and improve our area for wildlife.
