

THIS WEEK IN FOREST SCHOOL...

Year 1 -
Weather and
Seasons

Today in Forest School we talked about the artist Andy Goldsworthy and how he uses nature in his art - the idea was that the children created their own. However, they had different ideas and we spent the afternoon finding even more fungus, using the hand held microscopes to look at lots of interesting items in forest school including a ladybird which was tricky to look at properly as it kept crawling towards the light.
