

THIS WEEK IN FOREST SCHOOL...

*Reception -
Amazing
Animals*

We began by sharing the book *The Best Nest Contest* by Luke Western. We hid different coloured pipe cleaners in the Forest School area pretending they were worms and then explored and investigated which colours were better camouflaged. Then children then used their imaginations and communication skills to build spectacular nests as a team. Other children created their own birds using tree cookies, feathers and other natural objects. They were very proud of their creations.

*NOLA focus: I used
the environment safely*

Curriculum Links:

*CL - listening,
attention and
understanding*

*PD - Fine and gross
motor skills*

PSED - Managing self

*UW - People, culture
and communities*

*UW - The natural
world*
