

THIS WEEK IN FOREST SCHOOL...

*Reception -
All about me*

Today we based our learning around the story of Elmer by David McKee. We consolidated our learning about colours and created natural coloured Elmers. Some children decided to develop their learning by going on a colour scavenger hunt while others became scientists and participated in some leaf experiments. They discovered the joy of leaf showers and that if they threw the leaves at the fence in the same direction as the wind the leaves stuck to the fence, which fascinated them.
