

THIS WEEK IN FOREST SCHOOL...

Reception - Ticket to Ride

Following on from the children's interests we read the story of The Troll and explored bridges and pirates. We looked at the different parts of a pirate ship and the children persevered to make their own, including a plank. What a great demonstration of team work! The children also completed their own treasure maps to follow as well as making pirate flags. The children were also very observant about new growth in on site. There was also some very well thought out and careful construction of the troll's bridge.
