

THIS WEEK IN FOREST SCHOOL...

Reception -
Come
Outside

We began our session today by reading Snail Trail. The children created an obstacle course, similar to Slimy Snail's journey. They had to show trust in themselves and in each other while completing the balances. Some of the children found some rather large worms, they had to find their brave in order to look at them closer. Once they did that there was no stopping them. They were very gentle with them and showed care for God's creatures. We also made more bird feeders ready for the cold spell of weather forecast.
