

THIS WEEK IN FOREST SCHOOL...

Reception - Amazing Animals

Today was the perfect day to share the story of the Gruffalo's Child. The children enjoyed making their own tracks in the snow (frost!) and made houses for the animals in the stories. Some children also made Gruffalo pie and Gruffalo cake in the mud kitchen. We also saw a wonderful opportunity to make links to our science knowledge by creating shadows in the winter sun, and tried to make different shapes with our bodies. We noticed two blackbirds coming to visit us in Forest School today so our bird feeders are working to encourage more birds on site. We made more bird feeders and thought carefully about where to put them.
