

THIS WEEK IN FOREST SCHOOL...

Reception - Amazing Animals

In class the children have been learning about the celebration of Lunar New Year. We decided to end our Forest School sessions by cooking noodles on the fire - which was tricky in the rain! The children used flour and stencils to make designs on the tuff spot as well as making their own Chinese New Year feasts. The children also loved just being near the fire and watching the flames from a safe distance. The children showed great respect to another culture and the fire pit rules.
