

THIS WEEK IN FOREST SCHOOL...

Year 2

*The world around
me.*

We started our session today by sharing the story 'The Listening Walk', we then went outside and consciously noticed all the different sounds we could hear, from that we created our own sound maps. In this calm moment, the children reflected on being present in their environment and the joy and wonder that it brings to us. The children were also inspired to take their learning outside by making homes for the bear in the story from their English work 'The Bear and the Piano'. We discussed the contrast between the city and their natural habitat.
