

THIS WEEK IN FOREST SCHOOL...

Year 2

*The world around
me.*

We started our session today sharing parts of the book *Martha Maps* it out and talked about different places we could make a map of. The children also took their learning outside relating to their book in English. They created their own concert like in the story, which was enjoyable for us to watch. Others enjoyed constructing boats and explored new and wonderful places as well as developing the obstacle course Reception class made this morning. We also made some bird feeders ready for the cold spell forecast.
